ReadyTech Holdings Limited (**ReadyTech** and or **Company**), and its related entities (collectively, **ReadyTech Group**) are committed to achieving and demonstrating the highest standards of corporate governance to protect and enhance shareholder interests.

This Corporate Governance Statement:

- reports against the 3rd edition of the ASX Corporate Governance Council's Principles and Recommendations (**ASX Principles**.) The practices detailed in this Corporate Governance Statement are current as at 22 August 2019; and
- has been approved by the Board and is located on ReadyTech's website at www.readytech.com.au.

Principle 1: The Board lays solid foundations for management and oversight

Board responsibilities and delegations

The Company's Board Charter was adopted by the Board in March 2019. The Board Charter is located on the ReadyTech website at www.readytech.com.au.

The Board Charter provides a framework for the effective operation of the Board, setting out:

- the Board's role and responsibilities and size, composition and independence;
- the relationship and interaction between the Board and Management; and
- the authority delegated by the Board to Management and Board committees.

The Board Charter provides that the Board's role is to, amongst other things:

- represent and serve the interests of Shareholders by overseeing and appraising ReadyTech Group's strategies, policies and performance;
- oversee the ReadyTech Group, including providing leadership and setting its objectives;
- approve and monitor systems of risk management, internal compliance, accountability and control, codes of conduct and legal compliance to ensure appropriate compliance frameworks and controls are in place;
- set the risk appetite within which the Board expects Management to operate;
- monitor senior management's performance and approve remuneration policies and practices;
- monitor implementation of strategy and ensure appropriate resources are available;
- approve and monitor the progress of major capital expenditure, capital management and acquisitions and divestitures;
- approve budgets;
- approve and monitor the corporate, financial and other reporting systems of the ReadyTech Group, including external audit, and oversee their integrity;
- adopt appropriate procedures to ensure compliance with all laws, governmental regulations and accounting standards, including establishing procedures to ensure information that a reasonable person would expect to have a material effect on the price or value of the Shares is appropriately and accurately disclosed on a timely basis in accordance with all legal and regulatory requirements; and
- monitor the effectiveness of the ReadyTech Group's governance practices.

The Board's responsibilities include the appointment of a Chair, the appointment and removal of the CEO and CFO, review of corporate codes of conduct and other policies and approval of major capital expenditure, acquisitions and divestitures in excess of authority levels delegated to management.

The Board Charter provides that the Company Secretary is directly accountable to the Board through the Chair on all matters to do with the proper functioning of the Board including advising the Board and its Committees on governance matters and monitoring that Board and Board Committee policies and procedures are followed.

The Board Charter delegates responsibility for day-to-day management and administration of the ReadyTech Group to the CEO and Executive Team. The CEO is responsible for providing effective leadership, direction and supervision of the Executive Team to achieve the strategies, business plans and budgets adopted by the Board and ensuring compliance with all applicable laws and regulations. The Board has procedures in place to regularly assess the performance of the CEO and the Executive Team.

Board Committees

The Board has established two Committees to assist it in discharging its functions:

- Audit and Risk Committee (**ARC**); and
- Nomination and Remuneration Committee (**NRC**).

Board meetings and attendance

The Board meets as often as necessary to fulfill its role. Directors are required to allocate sufficient time to ReadyTech to perform their responsibilities effectively, including adequate time to prepare for Board meetings. During FY2019, the Board met 4 times.

For full details of Directors' attendance at Board and Committee Meetings for FY2019, refer to "Meetings of directors" on page 9 of the Company's Annual Report.

Access to information and independent professional advice.

Directors have access to management to seek explanations and information and to auditors to seek explanations and information without management being present.

Each Director has the right to seek, at the expense of the Company, any independent professional advice that they consider necessary to fulfil their responsibilities and to exercise independent judgment when making decisions, subject to the approval of the Chair which cannot be unreasonably withheld or delayed.

Background checks before appointing directors and senior executives

Prior to the appointment of a new director, the Board with assistance from the NRC undertakes appropriate background checks as to his or her character, experience, education, criminal record and bankruptcy history. In the case of a director candidate, prior to appointment, the candidate is required to provide the Chair with details of other commitments and an indication of time involved, and to acknowledge that he or she will have adequate time to fulfill his or her responsibilities as a Non-Executive Director of ReadyTech.

ReadyTech has entered into written agreements with each Director (and Senior Executive) setting out the terms, conditions and responsibilities of their appointment. In accordance with Listing Rule 3.16.4, ReadyTech discloses, to the extent required, the key terms of all employment, service or consultancy agreements with Directors or other related parties.

The NRC reviews the performance of directors before they stand for re-election and reports to the Board on this matter. Further to this, ReadyTech provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director at a General Meeting.

Diversity

ReadyTech values a strong and diverse workforce and is committed to developing measurable objectives of diversity and inclusion in its workplace. ReadyTech has implemented a diversity policy, with meritocracy the guiding principle, which is overseen by the Board and which aligns the ReadyTech Group's management systems with the commitment to develop a culture that values and achieves diversity in its workforce and on its Board.

In accordance with its diversity policy, ReadyTech is committed to providing access to equal opportunities at all levels of work based on merit and fostering a corporate culture that embraces and values diversity.

The Board reviews ReadyTech's diversity policy as necessary to ensure it complies with any applicable legal requirements and remains relevant and effective. The diversity policy was adopted by the Board in March 2019. The Policy is available on the ReadyTech website at www.readytech.com.au.

Measurable objectives

The Board plays a specific role in driving diversity, particularly gender diversity across the business by reviewing and approving annual diversity objectives and progress towards these objectives.

ReadyTech's diversity policy sets out a number of objectives for achieving gender diversity, such as,

- establishing appropriate and measurable objectives for achieving gender and other forms of diversity;
- maintaining a diverse field of potential candidates for senior management and Board appointments;
- setting key performance indicators for senior management to measure the achievement of the objectives which have been set to achieve gender and other forms of diversity;
- requiring senior management to report on the achievement of such objectives; and
- consider and, if relevant, implement policies and programs that address impediments to gender diversity in the workplace.

Senior management of the ReadyTech Group have been tasked with designing, implementing and maintaining programs and initiatives to ensure the Board achieves its diversity objectives.

The NRC and Board did not set measurable gender objectives for the financial year because the Company recently listed on the ASX in April 2019. However it is the intention of the NRC and Board to set measurable objectives for the 2020 financial year.

ReadyTech's workforce diversity as at 30 June 2019 is as follows:

ReadyTech level	Female number	Current percentage of women	Male number	Current percentage of men
Board of Directors	1	20%	4	80%
Senior Executives	4	27%	11	63%
Employees	45	32%	94	68%
ReadyTech (entire organisation)	50	31%	109	69%

*Senior Executives includes senior management who report directly to the CEO and the next layer of senior management who report to those Senior Executives.

The NRC is responsible for assessing whether there is any gender or other inappropriate bias with respect to the remuneration of Directors, the Executive Team or other employees.

Measurable objectives

The Board of ReadyTech intends to set measurable objectives for FY2020. In principle, the measurable objectives will cover the following initiatives:

Measurable objectives

Identify and create development plans for high performing and high potential women

Conduct and respond to a review of gender equity in pay

Increase employment opportunities for people with disability

Further details about the measurable objectives will be provided by ReadyTech in due course.

Performance review of the Board

The Board with assistance from the NRC is responsible for evaluating and reviewing the performance of the Board, both collectively and individually.

The Board and its Committees periodically self-assess their performance against a range of criteria developed annually by the NRC. Given the recent listing of the Company on the ASX in April 2019 and the recent establishment of the Board, a performance evaluation did not take place but is scheduled for the next reporting period.

Performance Review of the CEO and Senior Executives

ReadyTech's Board Charter provides that the Board is responsible for monitoring the performance of the CEO and Senior Executives. The NRC is responsible for ensuring processes are in place to periodically evaluate the

performance of senior executives. It is a responsibility of the NRC to annually reviewing the performance of the CEO and make recommendations to the Board on remuneration arrangements for the CEO and Senior Executives.

The performance of the CEO and Senior Executives are assessed annually with reference to agreed milestones. Given the recent listing of the Company on the ASX in April 2019, a performance evaluation did not take place but is scheduled for the next reporting period. Details of the remuneration of the Senior Executives who are considered by the Company to be Key Management Personnel are set out in the *Remuneration Report*.

Principle 2: The Board is structured to add value

Nomination and Remuneration Committee (NRC)

The Board may, from time-to-time, establish appropriate committees to assist in the discharge of its responsibilities. The Board has established the NRC.

The NRC charter requires that the committee must have at least three members, a majority of whom must be independent Directors and all of whom must be Non-Executive Directors. The committee must also have an independent Chair who is not the Chair of the Board.

The NRC has three members all of whom are independent Non-Executive Directors. The NRC currently comprises of Timothy Ebbeck (Chair), Tony Faure and Elizabeth Crouch.

The NRC's primary responsibilities with respect to nominations include:

Composition of the Board and details of Directors

The Board considers an independent Director to be a Non-Executive Director who is not a member of Management and who is free of any business or other relationship that could materially interfere with or reasonably be perceived to interfere with the independent and unfettered exercise of their judgement. The Board considers the materiality of any given relationship on a case-by-case basis.

The Board regularly reviews the independence of each Director in light of information disclosed by each Director to the Board. The Chair of the Board is considered independent and separate from the CEO. The Board consists of a majority of independent directors and considers that each of Tony Faure, Elizabeth Crouch, and Timothy Ebbeck is an independent director, free from any business or any other relationship that could materially interfere with, or reasonably be perceived to interfere with the independent exercise of the Director's judgement and each is able to fulfil the role of an independent director for the purposes of ASX Recommendations. None of these Directors are acting as nominees or representatives of any current or former shareholder of any entity within the ReadyTech Group, nor as nominees or representatives of the Joint Lead Managers or suppliers to the ReadyTech Group.

Tom Matthews is the representative of Pemba (an entity is a substantial holder of the Company). Tom Matthews is also a director of, and minority investor in, certain entities controlled by Pemba. As Pemba is a substantial

Shareholder of the Company, the Directors consider that this position results in him not being an independent Director of the Company having regard to the nature of his involvement in the Company.

Mark Summerhayes has been appointed as an alternate director for Tom Matthews. Mark Summerhayes is also representative of Pemba and the Directors consider that this position results in him not being an independent Alternate Director.

Marc Washbourne is considered by the Board not to be independent for the purposes of ASX Recommendations as he is the CEO of the ReadyTech Group. There is a clear division of responsibility between the Independent Non-Executive Chair and the CEO.

Each Director must provide to the Board all information relevant to the assessment of his or her independence and where a Director's independent status changes, ReadyTech will immediately disclose and explain this to the market.

The below table sets out the independent status of each director:

Director	Independent Status	Appointment Date
