About Splitit

Splitit is a payment method solution enabling customers to pay for purchases with an existing debit or credit card by splitting the cost into interest and fee-free monthly payments, without the need for additional registrations or applications. Splitit enables merchants to offer their customers an easy way to pay for purchases in monthly instalments with instant approval, decreasing cart abandonment rates and increasing revenue. Serving many of Internet Retailer’s top 500 merchants, Splitit’s global footprint extends to hundreds of merchants in a number of countries around the world. Headquartered in New York, Splitit has an R&D centre in Israel and offices in London, with plans to establish itself in Australia for its expansion into the Asia-Pacific region.

This announcement has been approved and authorised to be given to ASX by Brad Paterson, CEO and Managing Director on the Board of Splitit.
