About Talius Group Limited (ASX: TAL)

Talius provides a suite of technology enabled care solutions to the aged and disability sectors across multiple verticals, including retirement living, residential aged care, home, and community settings to improve the quality of life, later in life.

Talius' Software as a Service (SaaS) data analytics platform Talius Smart Care combines smart sensors with AI machine learning that delivers automated actions. Talius links awareness, analysis, and action through one platform allowing the care model to move from spot check care to sense-respond care. Nursing staff can switch their focus from data collection to building a human connection. Most importantly, residents benefit from a new era of autonomy and dignity.

Talius helps protect and connect our elderly and people with disabilities with a scalable healthcare technology platform integrated with leading third-party providers to ensure end-to-end solutions for Connected Health.

The next generation of Aged Care technology
