¹ Predominantly land only.

² Predominantly house and land.

³ The long term strategy at this project is to continue developing the land, with the balance sold as an englobo parcel when the market demand for the site presents itself.

⁴ Contracted under Put and Call option. Land predominantly paid out of settlement proceeds from third party sales.

⁵ Planning - Residential use allowed. Progressing with any necessary approvals from relevant authorities. Low risk.

⁶ Two parcels acquired in CY14 for \$22.775m. Conditional contract to sell ~67.9ha or ~1000 lots for \$34m. Cash settlement in 4 equal stages commencing 30 days after PSP and then 12, 24 and 36 months after first settlement. The JV intends to retain and develop the remaining parcel of land (~206.1 ha or ~1300 lots).

⁷ Projects completed in FY17 - 395 settlements over 10 projects - Lacosi, Circa, Griffin (englobo), Mt Cotton, The Sanctuary,Emminence, Era, Ellabay, Riva, Parkside.

ACQUISITIONS

The Company has been actively restocking since FY14.

Funds raised through capital management initiatives have been deployed. The Company has contracted 3,454 lots in FY17.

The Company is continually assessing different acquisition opportunities, at different stages of the acquisition process¹.

The Company will consider the selective acquisitions of projects to build the pipeline beyond FY19, predominantly on deferred terms and/or through joint ventures and partnering arrangements.

The Company is targeting a 20/40/40 NSW/VIC/QLD geographic mix as cycles, markets and opportunities allow.

¹ Villa World has entered into a conditional Development Agreement with the owner of approximately 73 hectares of land at Byron Bay. The land was rezoned to residential use by the New South Wales Government in November 2014. The Development Agreement remains subject to Villa World receiving satisfactory development approval and a construction certificate for the proposed development, the outcome of which remains uncertain. The landowner will retain a number of the approved lots, to be determined following the outcome of the approval process. Villa World has paid an initial \$10million to the landowner, secured by a first mortgage over the land and fully refundable if the above conditions aren't satisfied. If those conditions are satisfied and the transaction proceeds, Villa World is required to construct dwellings on the lots to be retained by the landowner, over a period of up to 10 years. Refer Note B4 in FY17 Financial Statements.
