iiNet FY15 (pre-acquisition) EBITDA margin was 18%. Increase to 24% in FY16 was due to FAD cost reductions and synergy realisation.

Efficiency gains and further synergy realisation have continued into FY17 and are expected to continue over several years.

EBITDA shown in the table is the underlying EBITDA as per slide 3. Broadband includes VoIP.

Continued organic Corporate Division EBITDA growth in FY16 driven by strong sales and continued margin expansion, and despite a \$10.1m adverse accounting impact arising from consolidating iiNet.

- Data and internet sales have continued strongly to-date in FY17.
- Prospects for ongoing growth are supported by continuing and accelerating expansion of the Group's fibre network footprint.
- Investment made in increasing corporate sales team headcount during FY17 to cover the opportunities presented by the growth in our footprint.
- With increased network, we are providing services in regions that have never previously had any alternative.

- Focus on customer service has lifted Corporate Division NPS to +80.
- Continued development of customer service systems is enabling a positive customer experience.
- Delivering high quality services on our own network provides full ownership of our customer interactions and reduces escalations.

Group broadband subscribers increased to 1.87m at end of FY16.

Net positive FY17 year-to-date growth in both TPG & iiNet.

\$m	FY16 Actual	FY17 Guidance
Underlying EBITDA	775.3	820 - 830
Capital Expenditure	281.0	370 - 420

FY17 year-to-date results tracking well against guidance.

Notes:

FY17 guidance excludes any impact from potential operations in Singapore.

FY17 Capital Expenditure guidance includes \$72m for 1800 MHz spectrum, \$50m for committed international capacity purchases (SX & SEA-US) and substantial fibre rollout capex (including build for Vodafone fibre contract).

- TPG Telecom Pte Ltd (Singapore) has been pre-qualified by the Singapore regulator (the IMDA) for the New Entrant Mobile Spectrum Auction in Singapore.
- Auction expected to take place in December 2016.
- Rare opportunity that would enable TPG to establish a long-term business in Singapore bringing tremendous value to Singapore consumers whilst generating excellent long-term returns for TPG shareholders.
- The Singapore business will be funded from existing debt facilities and cash generated from Australian operations.

- ✓ Year-to-date results tracking well against FY17 guidance.
- ✓ Relunched FTTB retail.
- ✓ Positive TPG & iiNet broadband subscriber growth for the year-to-date.
- ✓ Solid performance in NBN subscriber acquisition.
- ✓ Continued realisation of synergies from ongoing iiNet integration.
- ✓ Strong Corporate Division data and internet sales.
- ✓ Expanded Corporate Division sales team.
- ✓ Continued fibre network expansion.
- ✓ Amendment and extension of existing bank debt facility expected to complete in December with improved pricing, terms and tenor.
- ✓ Pre-qualified for Singapore new entrant mobile spectrum auction.
