About Superloop

Superloop is a leading Asia Pacific independent provider of connectivity services. The company owns and operates its carrier-grade metropolitan fibre networks in Australia, Singapore and Hong Kong, connecting the region's key data centres and bandwidth-intensive buildings. In addition to its own fibre network, Superloop is connected to all NBN Points Of Interconnect across Australia and operates its own nationwide fixed wireless network that collectively deliver high performance, connectivity solutions to businesses and homes underpinning the region's digital economy.
