 and
- 7.5 year Bonds with a maturity date of 18 September 2031 (2031 Bonds).

The Bonds are expected to be quoted on the NZX Debt Market and are expected to be assigned a long-term credit rating of A- by S&P Global Ratings. The offer of Bonds is being made pursuant to the Financial Markets Conduct Act 2013 as an offer of debt securities of the same class as existing quoted debt securities.

ARRANGER AND JOINT LEAD MANAGER:

JOINT LEAD MANAGERS:

Important notice

This Indicative Terms Sheet sets out the key terms of an offer by Spark Finance Limited ("SFL") for up to NZ\$250,000,000 (with the ability to accept oversubscriptions of up to NZ\$50,000,000 at SFL's discretion) of fixed rate bonds ("Bonds") in two separate series:

- the first series is a 5.5 year Bond maturing on 18 September 2029 ("2029 Bonds"); and
- the second series is a 7.5 year Bond maturing on 18 September 2031 ("2031 Bonds").

Each series of Bonds will be issued under a master trust deed dated 25 October 1988 (as most recently amended and restated on 4 November 2015) ("Trust Deed") between Spark New Zealand Limited ("Spark NZ") and The New Zealand Guardian Trust Company Limited ("Supervisor") and a supplemental trust deed in respect of the series dated 5 March 2024 entered into between SFL, Spark NZ and the Supervisor (together with the Trust Deed, the "Trust Documents").

The offer of Bonds by SFL is made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 ("FMCA").

The offer contained in this Indicative Terms Sheet is an offer of two series of Bonds, each of which have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as SFL's:

- bonds maturing on 7 March 2024 which have an interest rate of 3.37% and which are currently quoted on the NZX Debt Market under the ticker code SPF580; and
- bonds maturing on 7 September 2026 which have an interest rate of 3.94% and which are currently quoted on the NZX Debt Market under the ticker code SPF570,

(together the "Quoted Bonds").

Accordingly, the Bonds are of the same class as the Quoted Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

SFL is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited ("NZX") for the purpose of that information being made available to participants in the market. That information can be found by visiting www.nzx.com/companies/SPF.

The Quoted Bonds are the only debt securities of SFL that are currently quoted and in the same class as the Bonds.

Investors should look at the market price of the Quoted Bonds referred to above to find out how the market assesses the returns and risk premium for those bonds.

Early Repayment

Holders have no right to require SFL to redeem their Bonds prior to the relevant Maturity Date, except if an Event of Default occurs (as described below)

Events of Default

The Events of Default are contained in clause 15.1 of the Trust Deed. They include a failure by SFL to make a payment on bonds issued by it under the Trust Deed and a breach by SFL or a Guarantor of a provision in the Trust Deed or the Bonds (subject in each case to applicable grace periods), and also insolvency-type events that affect SFL or a Guarantor

If an Event of Default occurs, subject to the Trust Deed the Supervisor may in its discretion, and must upon being directed to do so in accordance with the Trust Deed by holders of bonds issued under the Trust Deed, declare the Bonds to be immediately due and payable at their principal amount together with accrued but unpaid interest (subject to any deduction for or on account of tax)

The above is a summary of the Events of Default. For full details of the Events of Default, see clause 15.1 of the Trust Deed

Financial Covenants

There are no financial covenants in the Trust Documents other than the Guaranteeing Group coverage ratios described below

Under the Trust Deed, Spark NZ must ensure that the Guaranteeing Group (being SFL and the Guarantors) meets the following coverage ratios, which are to be tested twice yearly:

- earnings (calculated before interest and tax) of the Guaranteeing Group must be at least 90% of earnings (calculated before interest and tax) of the Spark NZ consolidated group; and
- the total tangible assets of the Guaranteeing Group (excluding balances with other members of the Spark NZ consolidated group) must be at least 70% of total tangible assets of the Spark NZ consolidated group

For full details of these provisions, see clause 12.8 of the Trust Deed

Negative Pledge

Each Guaranteeing Group member has agreed with the Supervisor that, while any bonds issued under the Trust Deed remain outstanding, none of its assets will be secured. Notwithstanding this restriction, the Guaranteeing Group is permitted to create security, or permit security to exist, over their assets, if:

- the aggregate principal amount secured does not exceed 5% of the total tangible assets of the Spark NZ consolidated group; or
- in certain other limited circumstances set out in the Trust Deed (namely, if the security arises by operation of law, relates to the acquisition of an asset or a project, is already in existence when the relevant asset was acquired, supplements or substitutes an existing permitted security or is made in favour of, or with the consent of, the Supervisor)

For full details of these provisions, see clauses 11.2 and 11.3 of the Trust Deed
