ASX RELEASE

### About Intelligent Monitoring Group Limited

Intelligent Monitoring Group provides monitored security, fire and IOT solutions that ensure the safety and protection of Australian businesses, homes and individuals 24 hours a day, 365 days a year.

The Company operates with the highest security accreditation from three monitoring centres in Australia and one in NZ.

### GROWTH STRATEGY

Security services are increasingly in demand, with technology providing more and cheaper ways to provide better solutions for customers.

As the largest Australian-owned and operated monitoring partner, IMG is well positioned to be a partner of choice to those looking for professional-grade solutions (be they independent security companies, needing monitoring services [via IMS], or enterprise customers looking for complex security solutions [via ADT]).

As a fragmented industry, with no clear industry leader IMG is in a good position to partner and lead consolidation with commercial organisations looking for long-term solutions for their businesses.
